RE: The Amerika Haus Berlin

Dear Mr. Donfried:

IRC International Realty Corporation is a German, owner-operated real estate company specializing in the Southwest Florida market. Our client base consists of German-speaking Europeans as well as Americans. On a daily basis, we help our European clients understand the American culture and therefore strongly agree with your work to keep the Amerika Haus Berlin active as a representation of American culture and values in Germany.

We like and encourage your efforts to ensure that the Amerika Haus Berlin remains a center for information exchange and intercultural dialogue between America and Germany. Organizing events and activities for the public is a great way of promoting a unique friendship between Americans and Germans and to help German citizens learn more about the American culture, politics and way of life.

Keep up the great work.

Best regards
